

Del Eason and Kyle Collins

Dear Suns of Sphairee,

September 2022

We are truly delighted to be sending you this thank you message. Our three "Little Brothers", all at Ponacka for their first time, adapted to camp life beautifully.

We have had the most normal summer since 2019 and are thankful that the only illnesses have been coughs and colds.

The 75th anniversary weekend in June attracted Ponackians from all over the country who delighted in reconnecting with friends from decades ago.

We hope that you will enjoy the boys' letters- it has been a pleasure to have Isaish, Del and Kyle with us. With your support, their camp experiences will produce lasting results, lifelong memories and strong friendships. Thank you!!
